

Name: _____

Section Title: _____

Pages: _____

SQ3R Organizer

Survey: List section titles, key words, and anything else that catches your eye

Question: Create a question for each "survey" item. Use who, what, when, where, why, and how to build your questions.

Read the section: Stop after each subsection or paragraph and check to make sure you understood what you read

Recite: Write down brief answers to each of the questions you created. It is best to do this step *as you read*.

Review: Write a summary paragraph about the entire section. Use the vocab words appropriately (if needed) in this summary.
